FOR IMMEDIATE RELEASE

## CENTER FOR EDUCATIONAL LEADERSHIP AND TECHNOLOGY EXPANDS AND RELOCATES CORPORATE HEADQUARTERS

**Marlborough, MA July 8, 2009:** The Center for Educational Leadership and Technology (CEL T), a provider of leadership, learning, and technology services to the education market, is pleased to announce the company has expanded to a new location. Dr. John Phillip o, CEO of CEL T, said the expansion will support the company's ongoing commitment to provide world-class programs and services in today's challenging environment.

"We have more than doubled our research and planning environment in order to accommodate the company's ongoing growth and facilitate the offering of new, highly customized services that will help better serve school leaders and educational organizations throughout the country," said Dr. Phillip o. "By expanding, our hallmark learner-centered programs and service has not changed. We remain committed to ensuring that each CEL T project is of the highest quality, with a clear focus on improved student learning and increased staff productivity."

The new corporate headquarters is, located at 65 West Boston Post Rd., Suite 200, Marlborough, Mass. It includes a state-of-the-art netcom hub and data center thereby enabling the continued growth and development of new, web-hosted and managed services. CEL T provides these types of cost-saving and reliable (24x7) services to more than 150 schools. The facility also provides for the modeling of a 21<sup>st</sup> century teaching and learning environment in support of CEL Tedu, CEL T's staff development program for graduate credit or PDPs. The new facility will also provide the virtual meeting and online tools necessary to support CEL T's world-class field-based staff and consultants.

### About CEL T

For nearly two decades CEL T has helped align leadership, learning, and technology in support of improved

student achievement by working collaboratively with educational organizations to support and transform teaching, learning, and administrative processes. CELT is one of the largest and most comprehensive providers of research, planning, and implementation services for public/private schools, education service agencies, and departments of education. CELT's purpose is to help learning organizations attain their vision, mission, and goals by integrating high-quality, programs, services, and technology with the organization's people and processes in a timely, efficient, and cost-effective way.
