

Hosted and Managed Technology Services

Network, Security, Communication Solutions, and more...

•Are you using technology to improve communication among staff, students, parents, and the community?

•Is your data and network secure and accessible 24-hours a day, 7-days a week?

•Do you struggle with procuring new and emerging technology while safeguarding against obsolescence?

Integrity by CELT is your partner in education, technology and security

From preschool to high school, the question is no longer whether to use technology, but rather how to make technology available to educators, parents, and students in the most secure, flexible, and affordable way. That's why educational organizations and municipalities are turning to Integrity by CELT for technology management and communication solutions.

2009 Workshops, Webinars, and Meetings

Save \$5,000 on IT Staff Development!

Integrity by CELT has scheduled the following workshops in 2009. These workshops are designed to provide technology directors, business managers, and school superintendents with a half day of staff development on a range of topics. Workshops will be held at CELT Headquarters in Marlborough, Mass., from 9 a.m. - 12 noon.

November 12 BUILDING YOUR DATA AND MANAGEMENT REPORTING SYSTEM

The cost to attend an Integrity by CELT workshop/webinar is \$250 per person, however Integrity customers may attend free of charge for up to two employees to any workshop.

As CELT continues to grow and expand in 2009, we will be conducting regional User Group Meetings. We will also be offering our workshops as webinars in the summer of 2009 as well.

For more information on any of these programs or to register, please do not hesitate to contact Karen Walsh at (508) 624-4474 x1234 or log onto www.celtcorp.com

About Integrity by CELT

Integrity is a suite of technology programs and services built around the unique needs of education technology, municipal technology and support. Integrity offers school technology leaders and town administrators high-quality, reliable, and secure solutions at an affordable price. Integrity is designed to make your work more successful and satisfying.

About CELT

For nearly two decades CELT has helped education leaders align their use of information technology with improved student learning. CELT works collaboratively with educational organizations to support and transform teaching, learning, and administrative processes. CELT is one of the largest and most comprehensive providers of research and planning services for schools, education service agencies, and departments of education. CELT's mission is to help learning organizations attain their vision, mission, and goals by integrating high-quality, mission critical technology programs and services with the organization's people and processes in the most timely, efficient, and cost-effective way possible.
